TABLE OF CONTENTS

<i>A. Bakatovich, N. Davydenko</i> Ensuring a Sustainable Structure and Efficiency of Thermal Insulation Straw-Boon Slabs in Full-Scale Conditions.....	4
<i>A. Bakatovich, S. Romanovskiy</i> Influence of the Fibrous Structure on the Physical and Mechanical Characteristics of Insulating Slabs from Flax Noils.....	10
<i>A. Lavrinovičs, T. Juhna</i> Review on Challenges and Limitations for Algae-Based Wastewater Treatment.....	17
<i>M. Macijauskas, G. Girskas</i> The Influence of Commonly Used Plasticizing Admixtures on the Plasticizing Effect of Cement Paste.....	26
<i>A. Rutkauskas, D. Nagrockienė, G. Skripkiūnas, K. Barkauskas</i> Determining Reactivity Level of Granite Aggregate for Concrete	33
<i>K. B. Osifala, T. A. I. Akeju</i> Influence of Stirrups on Overlap Splice Strength of Epoxy Coated Deformed Bars	38
<i>K. B. Osifala, O. O. Omokungbe, M. A. Salau</i> Effect of Mode of Continuity of Tension Reinforcement Bars on Flexural Strength of R.C. Beam	47
<i>A. Rutkauskas, D. Nagrockienė, G. Skripkiūnas, A. Kičaitė, G. Girskas</i> Identification of Reactivity Level in Aggregates from Lithuanian Gravel Quarry	54
<i>T. Vasiljeva, A. Korjakins</i> The Development of Peat and Wood-Based Thermal Insulation Material Production Technology	60
